Taylor Koressel

Web Developer

Write a short blurb about yourself here. Not sure what to write yet. Need to research these more.Write a short blurb about yourself here. Not sure what to write yet. Need to research these more.Write a short blurb about yourself here. Not sure what to write yet. Need to research these more.

Education

AS Computer Programming and Analysis

Pensacola State College | 2019

Projects

Movie8r

A movie library with thousands of movies and links to stream them. This application is a Progressive Web App that is installable on Desktop and Mobile from supported browsers. Utilizes The Movie Database API through AJAX requests and renders the app using REACT.

Relies on event handling and the use of callbacks.

Custom YouTube Sub-Feed

A movie library with thousands of movies and links to stream them. This application is a Progressive Web App that is installable on Desktop and Mobile from supported browsers. Utilizes The Movie Database API through AJAX requests and renders the app using REACT.

Relies on event handling and the use of callbacks.
